Response to Amendment

Applicant's arguments filed August 26, 2004 have been fully considered but they are not persuasive. The Amendment submitted by Applicant does not overcome the rejection made by Examiner in the last office action..

Claims 6-22 and 23-25(new added) are rejected under 35 U.S.C. 103(a) as being unpatentable over Stern et al.

The rejection is maintained for the reasons as stated in the last Office action and for the following reasons:

Applicant's arguments are based on the claimed reactants in that claim 6 requires the reaction of the claimed formula II with a base in the presence of an alcohol as a solvent, wherein the alcohol is a s-or t-alcohol, and new claim 26 requires that the alcohol and base are separate components.

The reference clearly discloses the repeating unit of the claimed formula (see col. 9, line 45; col. 3, lines 15 et seq.) with a base in a solvent (see col. 3, line 32) selected from the group consisting of alcohols, polyalcohols, glycols and polyethers (see col. 3, lines 53-54; col. 10, lines 27-28).

Note also that the bases have been disclosed at col. 7, lines 18-26) to show that the alcohols as solvents and the bases are separate components, as required in claim 26.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
